

Strange Future: A 23rd Century Guide for the 21st Century Cynic

Thomas Gordons life in the city was going just fine. He had a decent job, a nice condo, and was generally content with life. One day, however, his boss was in a particularly foul mood, and a chain of inexplicable mishaps resulted in Thomas getting fired. Fed up with the world, he begins to search for an escape to a better life. While sitting at the Realtors office, he stumbles upon a flyer on a bulletin board that asks a simple question: Fed Up? After calling the number on the pull tab, he meets a group of scientists with an interesting proposition: human cryogenic preservation... Thomas and his companions Vera and Doug emerge into the strange future of the twenty-third century: a world full of amazing technological advances and equally amazing people. Upon digging a little further below the surface, though, they quickly discover that this future isnt exactly the better world that everyone thought it would be...
