

Junk N Her Trunk

Teacher or student, who do you want to be? I would love for her to tutor me. Trent Hawk James thought those words the second he walked into his parents living room and spotted his younger sisters tutor. He wanted her the second their eyes connected but sometimes things aren't meant to be. Khasity Chase couldn't believe the sexy Hawk James even knew her name. She secretly wondered what it would be like to be with him. However after one bad comment followed by a disastrous night shoved them apart. One night or can there be more?
