

Suicide Among Gifted Children and Adolescents: Understanding the Suicidal Mind

Suicide Among Gifted Children and Adolescents explores the phenomenon of suicide among students with gifts and talents. It provides the reader with a coherent picture of what suicidal behavior is; clarifies what is known and what is unknown about it; shares two major theories of suicide with explanatory power; and offers an emerging model of the suicidal behavior of students with gifts and talents. In addition, the book includes chapters offering insight into the lived experience of students with gifts and talents, what we can do to prevent suicide among gifted students, and resources available to help.
