

# Hannahs List

Dr. Michael Everett receives a letter Hannah had written him, on the anniversary of her death, in which she reminds him of how much she loves him and how her last wish is for him to remarry. She lists 3 very different women whom she recommends he choose from. He spends the following months getting to know each of the women, and learning more about himself. Hannah knows he is a man who can only be complete with what love can offer and her list leads him to the woman who can help him find it.
