

Sinful Love (Sinful Nights) (Volume 4)

Intense. Devoted. Protective. Michael Sloan is all of the above, with a hard tough edge to boot. Hes not the guy he used to be. Years ago, before all the s&%t went down, he was laidback, carefree, and even happy-go-lucky. Life changed him. Hardened him. Theres one woman though who can break down his walls. Someone who knew him then. Who can reach inside to that heart he protects fiercely...because shes the only one he ever gave it to. When they collide, its tender and savage, gentle and rough, and makes them both hungry for more of this electric, once-in-a-blue moon kind of sexual chemistry. But its a battle of wills between Michael and the woman he loves, with words and emotions held close to the vest. She doesnt believe she can ever move on from her own heartache, but when Michael makes her feel for the first time in years, its both thrilling and scares the hell out of her, setting off all her flight instincts. Hes determined not to lose her again, but hell have to learn to let her in if he ever wants to fully heal from the past... The problem is, she knows something about the night his family shattered. She has the missing puzzle piece...but neither one of them realizes it. YET. SINFUL LOVE is the fourth and final book in the steamy, sexy, suspenseful New York Times Bestselling Sinful Nights series from Lauren Blakely, author of the wildly popular Seductive Nights series...
