

Guilt-Free Motherhood: How to Raise Kids and Have Fun Doing It (Raincoast Journeys)

This is the book you wish your mother had had when you were a kid. Its a kinder, gentler, funnier, and more realistic approach to mothering that allows both parents and children to achieve their full potential and with more than enough good times to go around. Toni writes and narrates in a way that is utterly charming, tender, believable, and brimming with exceptional insights and advice. Youll laugh ... youll cry ... youll love it! And your kids will thank you for having the good sense to read it.
