

## Tao 2016 Wall Calendar

Now in its 26th year, the Tao wall calendar features contemplative duotone nature photographs, gracefully stylized Chinese calligraphy, and translations of the Tao Te Ching and Chuang Tsus Inner Chapters by Jane English and Gia-fu Feng. A year of Tao wisdom and serene nature photographs on your wall. Frameable artbook-quality duotone images. The perfect inspirational art gift. Features spiritual excerpts from the Tao Te Ching and Chuang Tsus Inner Chapters. Printed on FSC Certified Mixed Source Paper with soy-based inks. Published by Amber Lotus, an independent carbon-negative US company that has planted more than half a million trees since 2008. This calendar features US and Canadian legal holidays, phases of the moon, and important observances of the worlds major religions. The Tao Te Ching, the esoteric but infinitely practical book written in the 6th century BC by Lao Tsu, has been translated more times than any work except the Bible. For centuries, artists, poets, painters, and even gardeners have used the Tao Te Ching as a source of inspiration and guidance. This calendar features selections from the best-selling translation of the Tao Te Ching by Gia-fu Feng and Jane English, along with selections from their edition of Chuang Tsu: Inner Chapters. Both books are illustrated with Fengs calligraphy and Englishs photographs.
