

Team Up for Your Child: A Step-By-Step Guide to Working Smarter with Doctors, Schools, Insurers, and Agencies

Getting services for a child with behavioral health needs—from autism to ADHD to psychiatric or developmental problem—can be overwhelming. This practical, step-by-step road map to getting services helps the parent navigate a confusing health and education system. Created by the parent of a child with autism and bipolar disorder in consultation with 23 health, education, and social service professionals, the guide is filled with simple charts, worksheets, and family-tested strategies for staying organized and confident.
