

Thats Just Your Interpretation: Responding to Skeptics Who Challenge Your Faith

In our relativistic society, Christians more than ever are bombarded by tough questions about their faith. Author Paul Copan has observed that many of these questions emerge as anti-truth claims that are part of today's skeptical mind-set. Christians defending their faith often hear slogans and questions such as: "It's all relative." "Everything is one with the Divine; all else is illusion." "The Gospels contradict each other." "Why would a good God create hell?" This book provides incisive answers to slogans related to truth and reality; theism, pantheism/Eastern religion, and naturalism; and doctrinal issues such as the incarnation and truth of Scripture. Each of the twenty-two chapters provides succinct answers and summary points for countering the arguments. Copan's book is accessible for all Christians who want to defend the plausibility of Christianity in the marketplace of ideas. It also includes helpful summary sections, additional resources, and additional documentation in the endnotes for review and discussion.
