

The Amalfitanos Bold Abduction (Italian Billionaires Book 3)

Dana Marsdens first mistake is stopping on the fog-shrouded Amalfi Coast road to help clear a traffic jam. Her second is rescuing the valuable cat that appears out of the mist. And the third? Trusting the handsome Italian who comes to her aid when her rental car plunges over a cliff in what may not have been an accident. Since the American police officer refuses to believe she's in danger, Andrea Tonello sees only one option: spirit her away to the safety of his private island. But who's going to protect him from one mad, independent lady when Dana discovers what he's done? _____
