

The Bride Rode West (Brides on the Run)

Brides on the Run
Emilie Grayson was through with men! On her wedding day Emilie had caught her fiancé in a torrid embrace. So she hightailed it west and landed up as a housekeeper for a rancher and his three daughters. She, a city girl who knew a lot more about ordering from a menu than cooking, was only there because she needed a change. The fact that she found sexy Matt Thomson irresistibly attractive had nothing to do with her staying on. Absolutely nothing! Matt Thomson was through with women! His heart had broken when his wife had left. He told himself that he'd hired Emilie because his girls desperately needed a woman's touch. The fact that he found himself hungering for Emilie's touch had nothing to do with it. Absolutely nothing!
