

The Business Plan Workbook: The Definitive Guide to Researching, Writing Up and Presenting a Winning Plan

Without a business plan, no bank, venture capital house, or corporate parent will consider finance for a start up, expansion or venture funding. Written for entrepreneurs, executives, and students, The Business Plan Workbook is a guide to all aspects of business planning. Based on methodology developed at the Cranfield School of Management and using successful real-life business plans, The Business Plan Workbook brings together the process and procedures required to produce that persuasive plan. The case examples in this edition have been updated and include a cross-section of businesses at various stages in their development.
