

Blueblooded Alpha

This is what happens when you let people in. Former foster child and tough-as-nails Brie Garrison doesn't trust easily, but she lowers her facade for just one night to help a hungry wolf, which she affectionately names Kevin. Little does she know, Kevin isn't just a wolf... The youngest of the affluent Vandeveld clan, Chase Vandeveld leads a charmed life. Handsome, rich, and seductive, no woman can resist him, and nobody has yet to tame the spoiled wolf shifter. But Chase bores quickly, and one night, he decides to ditch his mother's party and explore the town as a wolf...a decision that will end up changing his life. The only thing Brie and Chase have in common is an undeniable attraction to each other. But even the richest of shapeshifters have to answer to his alpha, a dangerous man who will do anything to protect his pack from the threat of humans just like Brie. Please note: This 40,000 word complete, standalone novel with HEA ending contains some mature content. Intended for adult readers only.
