

The CEOs Contract Bride (New Zealand Knights)

With her wedding nine days away, Gwen Jones's fiancé suddenly disappeared, along with her bank account. Now, to save her home, she had to marry businessman Declan Knight—the man with whom she had shared one torrid, mistaken night of passion. Declan also needed to marry in order to access his inheritance. So he agreed to Gwen's plan despite his previous vow to keep his hands off her. Yet now he had to convince his family their charade was for real. Which meant marching Gwen straight into his bedroom and surrendering his hard-earned control.
