

The Class Project-How to Kill a Mother

This is the true crime book that the movie Perfect Sisters was based on. A frantic 911 call led police to a townhome in suburban Toronto, Canada after sisters, aged 16 and 15, reported finding their alcoholic mother dead in their bathtub. It seemed like a tragic accident but what police didn't know at the time was that the girls were cold-blooded killers, who had planned their mother's murder with help from their friends.
