

The Deadline (The Friessens: A New Beginning Book 1)

Upon fan request The Friessens are back in a brand new series! --This book will steal your heart & have you waiting for the next one. It will also teach you to speak your mind when necessary. I do hope this situation never happens in real life! Dont miss a very good emotional read. - Whodunnit, Reviewer --I love these Friessen men and their families. Was so excited the stories are going to keep on how going. Andy and Laura had a plate full with a sick child and moving to a new state along with twins. Andy has a strong personality and I appreciate him more after this book. What a man wont do for his family. Please read! - Janet Murphy, Reviewer --Im like your other fans, absolutely in love with this family. I so wanted Gabriel to get well and cant wait until Andys mother finally gets whats coming to her. Ive never read of such a vicious, manipulative, heartless character like her before. I love how this family comes together for each other, and the hubbies, momma mia, so masterful, hunks personified. I personally could see this as a series on TV. - Arkansan, Reviewer --I Loved this book! Thank You Lorhainne Eckhart for bringing the Friessens back. You make the Friessen men so alive and the kind of men us women wish we could meet. The Deadline is a touching story of unconditional love and strength. - Amazon Customer, Reviewer In THE DEADLINE, Andy Friessen has packed up everything and moved his family two states away, to Montana, to protect his wife, Laura, his newborn babies, and his stepson, Gabriel, from the threats of his mother. What Andy doesnt know is that theyll soon face a new threat, one he never saw coming. Gabriel is sick, and a trip to the doctor confirms Laura and Andys worst nightmare: Without a lifesaving transplant, their son wont survive. What Andy doesnt count on, as he tracks down the young man who fathered Gabriel, as well as Lauras estranged
