

The Enemies Daughter (Dynasties: The Danforths Book 9)

Dynasties: The Danforths. A family of prominence...tested by scandal, sustained by passion! THEIR AFFAIR WAS FORBIDDEN Adam Danforth could have had his pick of Savannah beauties, but the only woman who tempted him was Selene Van Gelder--the daughter of his fathers most venomous rival. THEIR PASSION UNQUENCHABLE Adam should have been suspicious of Selenes interest. He should have questioned her motives. But his desire for her was wild and uncaged. He wanted to go public with their relationship, but she begged him to wait. Their secret trysts and stolen pleasure had to be enough--until the media unexpectedly exposed their affair. Now Adam was faced with a harsh reality: had Selene leaked their secret to sabotage his fathers campaign--and could he ever trust his heart again?
