

The Enemys Kiss

The curse hed endured for centuries had finally been lifted. And although Nicholas Drakon no longer turned to stone at daybreak, his priority was still to protect his family. So when expert thief Daniela Ferreria stole an ancient Drakon artifact, he vowed to get back what belonged to his clan and eliminate the threat. Upon capturing the intoxicating cat burglar, he discovered she was desperate to save her own sisters life. The unexpected pull he felt for the lovely Daniela had Nicholas rethinking his next move. Family honor was at the core of his very being. But to turn his back on Danielas predicament could mean losing the heart hed just rediscovered.
