

# FOUNDATION OF OUR TRUE UNDERSTANDING: THROUGH APPLIED BUDDHISM

Applied Buddhism is the foundation of our true understanding of all the events occurring in nature. It explains how every person can relate Buddhist ideas in his or her daily life and in profession. This book provides guidance for understanding the Doctrines of the Buddha and their effective applications to reduce our sufferings. In recent times, some of the new concepts that have evolved in Buddhism are Engaged Buddhism, Social Buddhism, Socially Engaged Buddhism and Green Buddhism. Applied Buddhism is an effort to integrate all these scattered aspects of Buddhism under one single and unified concept. Through this Applied Buddhism, one should be able to follow Buddhism without being a Buddhist.
