

## His Blushing Bride (Montana Born Brides series Book 2)

Wedding fever has hit the little town of Marietta... Piper Tierney is busy wrapping up the school year and planning the music for Marietta's Wedding Of The Century. She does not need one of her parents backpacking hippies under foot. Except the guy they let stay in their house is so much more than the California couch-surfer he resembles. Before she knows it, she's making time to make time, even though he's only in town for a couple of weeks. Taking a break from working on his doctorate in political science, Sebastian Bloom wants to reassure himself his sister isn't making another mistake with her upcoming wedding to a Marietta rancher. He's definitely not looking for a bride for himself. Marriage and family are a trap. But Piper is cute, funny, and wants to move on from her ex. They agree to a no strings affair, but will they wind up tying the knot?
