

MAIL ORDER BRIDE: The Wondering Bride

Amelia isn't happy in life. She is the only child of an angry man, and to make matters worse, she is his step daughter. Her mother passed away years before, and her life is only getting worse. She knows she needs to make a change, and soon. Out of impulse, Amelia decides she is going to answer an ad for brides out in Texas Territory. The move is terrifying, but staying here is the worst thing she can imagine. With resolve in her heart, she makes her move. But with dusty roads and dangerous rivers on the trail, she isn't sure she is going to make it. Will Amelia find the strength she needs to make it all the way to Texas? Will Toby catch her and take her back home before she finds her love? Is she doomed to this life of despair? *This is a Western Historical Clean Christian Romance short story bundle and includes the complete anthology (45 books!) of Christian Michael Mail Order Bride stories.*
