

The Heavenly Country: An Anthology of Primary Sources, Poetry, and Critical Essays on Sophiology

Sophiology--the philosophical and theological notion of a transcendent splendor becoming immanent in the world, through nature, liturgy, prayer, and the arts--is just now coming into its own as an important area of study. This revolutionary casebook brings together primary source documents, poetry, and critical articles written by a group of exemplary scholars working in theology, philosophy, literary studies, psychology, and poetics. Contributors include Bruce Foltz, Gregory Glazov, Jennifer Newsome Martin, Michael Martin, Aaron Riches, Brent Dean Robbins, Artur Sebastian Rosman, Fr. Robert Slesinski, and Arthur Versluis.
