

# The Indian Captive: A Narrative of the Adventures and Sufferings of Matthew Brayton, in His Thirty-four Years of Captivity Among the Indians of North-Western America

The foregoing is a reproduction of a book published in 1860, giving the strange history of this Indian Captive. After returning to civilization, he resided for a few months in Carey and Fostoria, and made several lecture tours giving an account of his adventures and the manners and customs of the Indians. This mode of life was too much of a change from the wild life he had been living, and when the war of the Rebellion broke out he enlisted in an Indiana Regiment, and went to the South to fight for his country. He proved a brave soldier, but while in the service he was taken dangerously ill, and after a short sickness died at Pittsburgh Landing in 1862. CHAPTER I. THE LOST CHILD. CHAPTER II.
