

## The Enforcer: Secrets of My Life with the Krays

Albert Donoghue was Reggie Krays right hand man, his minder and chief executive. He was deeply implicated in their criminal rackets, collecting protection money and acting as paymaster to the other members of the firm. But then the Krays made what was to be one of their most dangerous mistakes. They tried to get Donoghue to admit to the killing of Frank Mitchell. Albert, who had become increasingly appalled by the violent turn the Twins business affairs had been taking, testified against them. His evidence landed the Krays 30 years. In this book, Albert Donoghue reveals the shocking events he witnessed it is the inside story of the Krays from a radically different standpoint. It charts the rise of the countrys most notorious criminals, and their final descent into self-destruction.
