

## Sutra Of The Sixth Patriarch & The Lankavatara Sutra

SUTRA OF THE SIXTH PATRIARCH The key topics of the discourse are sudden enlightenment, the direct perception of ones true nature, and the unity in essence of sila, dhyana and prajna. Translated by Dwight Goddard, who was a pioneer in the American Zen Buddhist movement. THE LANKAVATARA SUTRA The most important doctrine issuing from the Lankavatara Sutra is that of the primacy of consciousness and the teaching of consciousness as the only reality. The sutra asserts that all the objects of the world, and the names and forms of experience, are merely manifestations of the mind. The Lankavatara Sutra describes the various tiers of consciousness in the individual, culminating in the storehouse consciousness, which is the base of the individuals deepest awareness and his tie to the cosmic. Translated by Daisetz Teitaro Suzuki, a Japanese author of books and essays on Buddhism, Zen and Shin that were instrumental in spreading interest in both Zen and Shin (and Far Eastern philosophy in general) to the West.
