

## The Mercenary (Mills & Boon Silhouette)

Spanish interpreter Marisa Rodriguez didn't buy Tyler Murdoch's I work alone line or his feeling of superiority over the human race. When she was assigned to accompany Tyler on his covert mission in Central America to rescue his former commanding officer, Marisa vowed not to fall for another domineering Neanderthal. But hot nights and life-threatening danger brought Marisa and Tyler into close proximity and made their smoldering passion hard to resist. Soon they were at high risk of falling deeply in love and never letting go!
