

The Messenger the Messiah

A truly remarkable story of a woman who went through 37 years of hell to then experience the appearance of an Indian guide called White Arrow who changed her life completely. After ten years of being a Medium helping others, White Arrow asked her to send seven symbols he had given her, to the American Indians in Montana. The explanation of the symbols were to send her on a path that no man has ever taken or witnessed before; Montana, Egypt, Mexico, Amazon, Jerusalem and North Dakota. Over one hundred and fifty drawings that have been translated by experts gave proof that her guide had been here before as Jesus Christ. White Arrow has come with friends from other Galaxies to help him on his mission to save the dying Earth - to stop men destroying the very thing that we need to survive: The Rainforests of the Earth. Aliens, Moses, The Virgin Mary, Imhotep, Isis, Horus , Albert Einstein etc - all must be read and heard. This is a book that must be read by men and women everywhere. A warning at the end of the book that will leave us with fear if we do nothing. A book that will leave everyone wondering how this all came about.
