

# Anguttara Nikaya: The Numerical Discourses of the Buddha (Pali Edition)

The Anguttara Nikaya (literally Increased by One Collection, also translated Gradual Collection or Numerical Discourses) is the fourth of the five Nikayas, or collections, in the Sutta Pitaka. This Nikaya consists of several thousand discourses ascribed to the Buddha and his chief disciples arranged in eleven books, according to the number of dhamma items referenced in them. The segments are short and easy to read, yet poignant in their messages. It contains many straightforward examples and even some inspiring words from the Buddha to his disciples.
