

The Promise (Circle of Destiny #3)

Hannah Morgan Collins dreams of becoming the first woman doctor in Massachusetts. But must she give up her desires of home and family to do so? Enrolled at Harvard against her parents wishes, she meets new friends who will impact her life forever. There's the preacher-to-be Joshua Quittner, the cynical journalist Jamison Pike, and the made-of-money Gage Davis. And what of Lucretia Mott, whose passion for women's rights causes Hannah to wonder how she herself could change the world? This beautiful coming-of-age novel takes Hannah on a lifelong search through pain and joy to a place of heartfelt peace.
