

The Quiet Child

Alex Radonovic isn't particularly looking forward to Christmas. Her sisters have all found their soul mates--even her mother has a romantic interest. Only Alex is alone. Until her ex-fiance arrives with a preposterous suggestion. He wants Alex to help his son. Her first reaction is to refuse--after all, the child is proof of Marks betrayal. But her heart goes out to the sad little boy. Could this be the meaning behind her mothers prediction? If she helps little Braden, will she finally be able to forgive his father? Maybe this Christmas will be different from all the others.
