

The Salem witchcraft, The planchette mystery, and Modern spiritualism with Dr. Doddridges dream

BIGOTRY. Obstinate or blind attachment to a particular creed; unreasonable zeal or warmth in favor of a party, sect, or opinion; excessive prejudice. The practice or tenet of a bigot.**PREJUDICE.** An opinion or decision of mind, formed without due examination of the facts or arguments which are necessary to a just and impartial determination. A previous bent or inclination of mind for or against any person or thing. Injury or wrong of any kind; as to act to the prejudice of another.**SUPERSTITION.** Excessive exactness or rigor in religious opinions or practice; excess or extravagance in religion; the doing of things not required by God, or abstaining from things not forbidden; or the belief of what is absurd, or belief without evidence. False religion; false worship. Rite or practice proceeding from excess of scruples in religion. Excessive nicety; scrupulous exactness. Belief in the direct agency of superior powers in certain extraordinary or singular events, or in omens and prognostics.**Webster.**The object in reprinting this most interesting review is simply to show the progress made in moral, intellectual, and physical science. The reader will go back with us to a time not very remote when nothing was known of Phrenology and Psychology; when men and women were persecuted, and even put to death, through the baldest ignorance and the most pitiable superstition. If we were to go back still farther, to the Holy Wars, we should find cities and nations drenched in human blood through religious bigotry and intolerance. Let us thank God that our lot is cast in a more fortunate age, when the light of revelation, rightly interpreted by the aid of Science, points to the Source of all knowledge, all truth, all light. When we know more of Anatomy, Physiology, Physiognomy, and the Natural Sciences generally, there will be a spirit of broader liberality, religious tolerance, and

individual freedom. Then all men will hold themselves accountable to God, rather than to popes, priests, or parsons. Our progenitors lived in a time that tried mens souls, as the following lucid review most painfully shows.
