

# The Submerged Reality: Sophiology and the Turn to a Poetic Metaphysics

In *The Submerged Reality: Sophiology and the Turn to a Poetic Metaphysics*, Michael Martin challenges us to reimagine theology, philosophy, and poetics through the lens of sophiology. Sophiology, as this book shows, is not a rogue theology, but a way of perceiving that which shines through the cosmos: a way that can return metaphysics to postmodern thought and facilitate a (re)union of religion, science, and art.
