

The Taboo Breakers: Shock Troops of the Sexual Revolution (John Warren Wells on Sexual Behavior Book 7)

The sexual upheaval of the 1970s was a remarkable turning point in the evolution of contemporary sexual behavior. As much as anyone, John Warren Wells stalked the barricades of this social revolution. He met the players, and let them pour their stories into his sympathetic ear. From the original publishers edition: The Taboo Breakers is a penetrating, unbiased study of these modern swingers. Just what do they do, and with whom, and why? Are they fools and sinners, the shock troops of a new sexual revolution, hell-bent hedonists piling one thrill upon another? Or are they merely individuals who have successfully separated sex from love? John Warren Wells, author of Eros and Capricorn, supplies the answers in a book that is itself a pioneering work...a true taboo breaker.
