

# The Tactical Guide for Building a PMO

The Tactical Guide for Building a PMO will provide PMO Managers with the knowledge and skills to develop, refine, and enhance their Project Management Office (PMO). PMOs have been around for many years, until now PMO Managers have very few resources to help them be successful. There has been little to no tactical reference guides for anyone to use when building their PMOs. Most companies hired expensive contractors and industry experts that may or may not have known what they were doing when it comes to building a PMO. This book takes you through PMO Models, Staffing Models, Methodologies, PMO Reporting, PMO Tools and Process, and much more. If you want to learn about building or enhancing PMOs, this book is for you.
