

Tongue Set Free

Elias Canetti, winner of the 1981 Nobel Prize in Literature, was one of the major intellectual figures and polymaths of the twentieth century. A master of many genres, he is known especially for his novel, *Auto da Fe*, and his great work of social theory, *Crowds and Power*. But Canetti's genius is perhaps nowhere more evident than in the three volumes of his autobiography. This first volume, *Tongue Set Free*, provides a searching portrait of the author's personal background and creative development as it presents the events, personalities (especially Canetti's mother), and intellectual forces that shaped the growth of the artist as a young man. Winner of the 1981 Nobel Prize, this first volume of the author's autobiography provides a searching portrait of his personal background and creative development.
