

The Unexpected Landlord

The last thing Clancey Kincade needs as she opens her new toy store is Rowan McKenna: accountant, real estate investor and her new and accidental landlord. Rowan didn't intend to buy the building out from under Clancey—he didn't even know she existed! But his new and accidental tenant is no more to his liking than he is to hers. Clancey plans to stay, even if she has to hang on by her fingernails while Rowan's determined to see her gone. And then the fun begins.
