

The Project Managers Notebook: from The Creators Notebook Series

YOU are a Project Manager, THIS is your notebook. Is it possible to: Keep track of all your project goals and progress towards them? Organize your thoughts ? Easily manage all your projects in one convenient place? Indeed, and much more. This is not just another notebook. The Project Managers Notebook, part of The Creators Notebook Series is the result of an obsessive quest of an unorganized Rocket Scientist to streamline his ideas, build structure into his projects, and get organized. It contains guidance to help from project conception to project completion. It is a place for keeping quotes, Big Ideas, lessons learned, and with U.S. inventor logbook requirements, a place for keeping notes in a patent protectable manner as well. From working on the Space Shuttle to forming two aerospace companies, from inventing 3D printing machines to designing missions to the moon, Jason Dunn has been fixated on one life-changing question: For all ideas in life, big and small, what are the key things to keep track of that will help reach success quickest? 7 notebook designs later, this notebook contains just enough guidance to keep your creative spark lit. **THIS NOTEBOOK WILL HELP YOU:** * Keep your projects organized and on schedule * Streamline your work plans from brainstorming all the way through project management. * Take organized notes. And do this all while keeping your work safe under patent protectable methods with no added effort on your part. This Notebook is for the project manager who is ready to take the next step towards efficiently managing their projects, and demands easy organization to make it happen. You dont need a PhD or years of experience under you belt to manage a project effectively. You need an easy to follow guide to keep you on track. Thats exactly what The Designers Notebook delivers.
