

There is Only One: A Spiritual Love Story

This is a book that seeks to change lives, educate people, and heal hearts. Its a true love story, with a huge difference. William and I had a beautiful love affair during the 1970s. We never married, nor did we live together. It is a story of a man who departed this world, but whose unconditional love brought him back. It is a story of two Beings connecting from two different Worlds. The book explains, over many conversations, how LOVE is the most powerful tool in the Universe. It shows how easy it is to connect with our loved ones in Spirit. I was advised to never underestimate these writings Questions and answers are given concerning this new dimension where William finds himself. All that William has brought through from another dimension is written within the pages of this book. The story tells of how much help, in many different ways, we are able to receive by acknowledging our loved ones who have passed on. It is a story of fascination, truth, intrigue, and disbelief.
