

Through the Eye of a Needle: A Story of Survival

Alec Mutz's childhood came to an end in 1939, when Nazi soldiers marched into his hometown of Tarnobrzeg, Poland. His life would never be the same. Within a matter of months his family was torn apart, and ten-year-old Alec found himself struggling to survive alongside his father, Samuel. Through the Eye of a Needle chronicles the life of a child who is forced to come of age in some of Hitler's most notorious concentration camps. Witness to countless acts of barbarity, he endures slave labor, beatings, starvation, and forced marching during his six years of incarceration. Yet with the support of his father, he lives to see the end of one of history's most epic human tragedies.
