

Torn - Complete Series

James Stovall has already achieved success, but now, at the peak of his career, he feels uninspired, trapped, and wonders what it's all been for. When Monica arrives on the first day of work as his teaching assistant, he realizes she just may be the muse he's needed: the perfect antidote to his troubles and one hell of a woman who will do anything to keep under his control. Monica has always been in control of her life and determined to achieve success on her own terms; but, as she learns, sometimes the greatest satisfactions in life come from giving up control, to a powerful man with a mysterious past who you barely know. This ebook contains very hot and explicit descriptions of romantic activity. Only mature readers should download this book.
