

Turn It Up (Turner Twins Book 2)

She wants it. Hes got itand a whole lot more. Turner Twins, Book 2 Maxwell Turner considers his stubborn and resourceful attitude a plus. After all, it usually gets him what he wantsexcept for Natasha Bellingham. The long-time family friend may be ten years older than he, but so what? Hes plenty old enough to know they belong together. Now all he has to do is convince her. Over the past few years Natashas love life has degenerated into a series of bad cliches. Her biological clock is tickingloudly. As a proven architect with her own house-design company, shes financially ready for a baby. Who says she needs a permanent man in her life for that? She just needs a donation. When Max discovers Natashas future plans include artificial insemination, hes outraged. She wants to get pregnant? No problem. Hes more than willing to volunteerno turkey basters involved. But theres one non-negotiable clause: He wants forever. And he intends to do everything in his powerfair and unfairto make it happen. Warning: This title contains one younger man ready, aimed and hell bent on giving one woman everything she wants. Includes interludes against the wall, in a Jacuzzi, on a car hood and evenshockingly enoughon a bed or two. Oh, and about that porch swing? Yup
