

Two Against the Odds (Summerside Stories)

You're being audited. That's hardly his most winning opening line, but Rafe Ellersley isn't here to make friends. He'd promised himself and his boss that this audit would be different. This time, he would be the consummate Australian Tax Office investigator. Cool, detached, professional. He'd bring Lexie Thatcher, tax-dodging artisan, to justice with ruthless efficiency. No more bending the rules. It's the only way to save his job. But Lexie proves a far greater challenge than he's been prepped for. Her world is a crazy canvas of chaos and confusion, complexity and color, unlike anything he's ever known. So who can really blame a tax guy like him for what happens next.
