

Stranded and Straddled

When a freak snowstorm strands Lacey at a crowded Oklahoma rest stop, she thinks things cant possibly get worse. Until she bumps into Trace Allen. Bull rider, ex-boyfriend, and all-around bad boy, Trace plucks her off her feet and invites her into his warm travel trailer. But Lacey has her misgivings. Trace is every bit as strong and virile as the bulls he rides--and just as volatile. But when she finds evidence that their bad breakup was a misunderstanding, she begins to question everything she thought she knew about him. Could Traces temper and bad boy exterior hide a tender heart? And will Lacey end up stranded, or straddled by the hottest bad-boy cowboy the rodeo circuit has ever seen?

straddle translation French English-French dictionary Reverso The bent tyne contact has the two or three tynes offset from each other to straddle the conductor therefore, it can be used on solid or stranded wire.
