

Lao Tzu: Te-Tao Ching - A New Translation Based on the Recently Discovered Ma-wang-tui Texts (Classics of Ancient China)

Lao-tzus Te-Tao Ching has been treasured for thousands of years for its poetic statement of lifes most profound and elusive truths. This new translation, based on the 1973 discovery of two copies of the manuscript more than five centuries older than any others known, corrects many defects of the later versions. In his extensive commentary, Professor Henricks reevaluates traditional interpretations.
