

Undercover Wife (The Colby Agency Book 9)

Specialist John Logan was dedicated to duty--the mission always top priority--and he'd do anything to carry out an assignment. Even if it meant posing as the unthinkable: husband to the newly recruited Erin Bailey....He'd shown up in the middle of the night and offered Erin her freedom if she'd pose as his wife to catch an insidious drug lord/arms dealer. Except, given the compromising position she found herself in as victim of a frame-up, Erin was totally at the mercy of her guardian as an untrained, stand-in agent. All she had to do was assume someone else's identity, learn the ins and outs of weaponry and share a bed with her dangerously attractive husband, John Logan. And if she came out of this with her life intact, she'd surely lose her heart in the process! When all else fails, the most highly trained, covert agents are called in to recover the mission. This elite group is known as Specialists. Nothing is too dangerous for them...except falling in...
