

Bound and Bonded Series Boxed Set: Books 1 - 3

These books have been previously published as individual titles. Please don't buy this if you already own them. 3 full books, all standalone, just over 300 pages, 100,000 words, contains BDSM themes. *Dont Touch - Book 1* Submissive wolf shifter Levi has met his mate, the one he wants to call Master. The problem is the Master concerned wants him for nothing more than a regular Saturday night scene and thanks to the rules the man has put in place there is nothing Levi can do about it.

Thanks to the war Steel is a damaged wolf.

He knows Levi is his mate and wants nothing more than to claim him. But to do that means spilling more secrets than Steel has ever been willing to share with anyone.

Does he have it in him to tell Levi what is going on, or should he release him to another Master at the club? Two men who want each other - rules and secrets standing in their way. *Topping The Dom - Book 2* Pearson, Alpha of the Bound and Bonded Pack, had always wanted to find his mate. But as an Alpha he had always assumed the man he would be paired with would be a submissive. But when Dante appears in his office hoping to be accepted into the pack, he is anything but the submissive Pearson had believed was his Fated lover. Dante has a past of his own, and while he didn't try to hide it from his Fated Mate, he should have known it was going to cause problems. If Dante's pride didn't stop this mating from happening, then events outside of the Bound and Bonded pack just might. Getting the promise of a HEA was going to be a lot more difficult for these two men, than it should have been. *Total Submission - Book 3* Kyle, one of the head enforcers of the Washington Pack, wants nothing more than to find the evidence he needs to convince his Alpha that the man he is following is gay, so he can head back home. Being in Iowa is doing his head in. But a fleeting encounter in a gay nightclub, has Kyle rethinking his priorities because

out of nowhere, he had scented his true mate. Teric is a cat-shifter with a job to do and more than a few secrets of his own. Scenting Kyle at a nightclub is the last thing he needed, but Fate intervenes. When the two men meet, secrets come out and for the safety of his pack, Kyle has to let Teric do his job. But what happened to the total submission he had spent his life dreaming about? Warning: All three books contain graphic intimate situations between men. Some BDSM themes and scenes. Strong language and violence. All books are standalone, have an HEA for the couple concerned and as with all of my books, no cheating. These books are based on the true mate trope so if that is not your cup of tea, please dont buy them.
