

Hollywood Bound (Gin & Jazz Book 1)

Gin & Jazz: The 1920s are filled with gin, jazz, and the promise of easy money. When the young and innocent Jack heads to Hollywood with his best friend and lover he believes that everything will be magical for them. They just need to stick together, no matter what. The celluloid kingdom demands a hefty price from all who want a piece of the dream. Sacrifices must be made if you want to be a part of the glitz and glamour. Flappers, screen idols and the men behind the star-making machine all conspire to interfere with Jack's happiness. Along the way, many of Hollywood's players discover that unfortunately, sometimes dreams do come true.

Hollywood Bound by Morticia Knight
Book one in the Gin & Jazz series Jack and Nick seek fortune and adventure in the silent film era of Hollywood. But their newly-expressed love is threatened by the heady allure of fame, gin and easy money. Sweet and innocent nineteen year-old Jack has loved the older and more street wise Nick from almost the first time he met him. Nick has taken care of him ever since Jack arrived in New York after he was beaten and thrown out of the boys orphanage for messing around with one of the guys there. They share a passion for silent films and have dreams of heading west to make their fortunes building sets for the studios. If only Nick felt the same passion for Jack, and wasn't already engaged to a gal back in Philly. Nick's temper sometimes gets the best of him, but that's only because he worries about Jack. Nick is all the poor kid has. But he's also terrified about the way he's been feeling towards Jack lately. They're the kinds of feelings he should be having for his fiancée Penelope and never for a man. His only goal is to get them both to Hollywood, where he's sure they'll be rolling in the dough in no time, and where everything will all work out the way it should. Hollywood isn't exactly what they'd thought it would be. There are plenty of gin

joints, jazz, money, parties and sexbut everything comes with a hefty price. Everyone they meet from Trixie Fox, the ditzy up and coming starlet, to Bernie, the foreman who gets them their first studio job seems to have a hidden agenda. Can the newfound love between Jack and Nick survive the tawdry mess that makes up the glitz and glamour of the celluloid kingdom, or will their own secrets tear them apart forever? Morticia Knight About the Author: Erotic Romance author Morticia Knight enjoys a good saucy tale, with MM and MMF pairings. Since she loves several genres, you may find your heroes in a contemporary, historical, paranormal or sci-fi setting. One of her passions is bringing peoples fantasies to life on the page, because life is too short for even one boring moment. Her stories are volcanic in heat, deep in emotion, and sprinkled with doses of humor.
