

Unspeakable

Convicted killer Carl Herbolds escape from prison sets into motion two seemingly unrelated events: the reopening of an unsolved murder case, and the unheralded arrival of drifter Jack Sawyer at an East Texas cattle ranch, home to Anna Corbett, a deaf widow, her young son, and her father-in-law. As Carl gets murderously closer to his ultimate destination, it becomes clear that the one who holds the key to Annas self-imposed silence and the mystery that connects them all is the apparent stranger -- Jack Sawyer.
