

A Tapestry of Secrets (Appalachian Blessings Book #3)

What is the weight of a secret? And what happens when that burden becomes almost too much to bear? For decades, Perla Phillips has hidden the truth of a decision that still fills her with guilt. But now, seeing her granddaughter, Ella, struggle in a similar way, she's prepared to finally open the past to her family, no matter the consequences. But when the opportunity is snatched from her in a most unexpected manner, will she have waited too long? Spanning generations, this moving family drama weaves together the interlocking stories of two women as they navigate relationships, family, faith, and the choices that will shape their lives. Heartwarming and nostalgic, the story explores the courage to share the wounds of the past and celebrates the legacy a family passes from one generation to the next. Praise for Sarah Loudin Thomas: A lovely inspirational novel examines the struggle to identify and accept love and to learn to love someone in spite of his or her flaws. --Booklist review of *Until the Harvest* Once in a while a new author ... makes you sit up and take notice. --Library Journal starred review for *Miracle in a Dry Season*
