

The Psychic and the Rabbi: A Remarkable Correspondence

Blessed by Pope John Paul II and acclaimed by Deepak Chopra and Rabbi Harold Kushner. The Psychic and the Rabbi is a spellbinding correspondence between the worlds most celebrated paranormalist and one of the most controversial and famous religious figures. In over fifty letters, these two friends share their inner fears, doubts, joys and beliefs. Searingly honest, they lay bare their innermost feelings and life experience while confronting the most profound questions and issues of our time: --Can we believe in God when we experience a horrendous tragedy? --Is marriage always sacred? --Is human cloning immoral? --Does extraterrestrial intelligence exist? Deeply moving and far reaching in scope, Geller and Boteach discuss such topics as sexual energy as a spiritual force, New Age spirituality versus traditional religion, money, power, ambition, fame and much more.
